

NEW TOWN KOLKATA DEVELOPMENT AUTHORITY

(A Statutory Authority Under Government of West Bengal)

3, Major Arterial Road, New Town, Kolkata - 700 156

Dated 30.04.2021.

To
All the residents in New Town, Kolkata

APPEAL

Dear Sir/Madam,

As you are aware the second wave of Covid 19 pandemic is increasing its intensity day by day. The high cases of infection have put a severe pressure on the availability of clinical oxygen which is major requirement in the treatment of the disease. It has been reported to me that few persons/RWAs are stockpiling oxygen cylinders for future use.

In this hour of crisis it is our duty to unite and pool resources to help people who are facing the most acute crisis in respect of oxygen requirement.

My earnest appeal to all the residents, institutions and RWAs is that let us pool our oxygen resources, be it spare cylinders, oxygen concentrators or liquid oxygen wherever available by sharing the information with NKDA so that it becomes available to the people in severe need at the right time.

Kindly declare your oxygen resource availability to NKDA at ceo@nkda.in so that an inventory may be made and the information is passed to the right person at the right time to save lives.

Let us all work together in this hour of crisis.

Yours sincerely,

(Debashis Sen)
Chairman

New Town Kolkata Development Authority
