Memo No: 1786 / NKDA/BPS-172/2023

Date : 09th July 2024

ADVISORY

It has been observed that temporary labour hutments and toilets are being constructed on building sites. These hutments and toilets will continue to exist until the ground floor of the building is completed. It has also been observed that the health and hygiene of labour hutments and toilets are substandard.

As a consequence, Owners, Builders, and Contractors have been directed to relocate the labour hutment to the ground floor of the under-construction building following the removal of the shuttering work. All necessary steps should be taken so that there will be no accumulation of stagnant water.
