NOTICE

An appeal to the residents of New Town

In this monsoon season do you have scrap materials like broken plastic articles, bottle, cups, cans etc. in and around your house? Water will accumulate in these articles, which is an ideal place for breeding of Dengue mosquito.

New Town Kolkata Development Authority has taken a special '**Cleanliness Campaign**' in this regard. You are requested to deposit all such scrap articles to the NKDA Solid Waste Management Team while collecting garbages from your house.

Let us come forward jointly in this '**Dengue Vijay Avijan**' so as to make New Town free from dreaded diseases like Dengu and Malaria.

Expecting whole hearted co-operation from all.

Date: 19th July, 2023
